BRUSH BOT

Mr Bot

STEP 1:

To make a brush bot you will need motor board, coin cell, tape and brush.

STEP 2:

Peel the tape and stick it on the brush head.

STEP 3:

Place the motor board on the brush head and insert the coin cell.

STEP 4:

Take a round piece of the double tape and tick it on the coin cell holder.

STEP 5:

Take the mini mustache, googly eyes and the hair.

STEP 6:

Stick the miniatures on the face to get a cool Mr Bot. Push the button to turn it on.
