## ***Dream Builders***

***For Age Group  
5-7 Years***

Where imaginations  
take their first flight. >>>

### • ***What's This Camp About?***

A playful launchpad for young minds to explore, build and dream without limits. Through storytelling, hands-on activities using Robotics, AI, Coding, 3D Printing and creative play, they imagine, experiment and create with joy. It's all about planting seeds of confidence and curiosity in a fun, nurturing environment.

### ***Learning Outcomes***

#### ***Technologies introduced***

Robotics and Electronics,  
Coding and Robotics  
AI and Robotics,  
Electronics and Coding,  
3D Modeling,  
Sustainable Energy,  
Space Tech/Electronics

#### ***Character Development***

Good Values, Commitment,  
Self-Discipline, Dedication,  
Equality, Empathy and  
Preservance

#### ***Leadership skills***

Character building,  
Innovators, Problem-  
Solvers, Change makers.

## GenSpark

**For Age Group  
8–11 Years**

The generation where  
ideas begin to spark. >>>

### • **What's This Camp About?**

A dynamic space for curious kids to explore tech, creativity and early entrepreneurship. Working in teams, they tackle real-world problems using Robotics, AI, IoT, Coding, 3D Printing and Electronics, discovering how ideas can take shape. They also develop problem-solving, communication and values-driven teamwork skills. This is where passions ignite, and the journey of innovation truly begins.

### **Learning Outcomes**

#### **Technologies introduced**

AR VR, Robotics, AI,  
Coding, SpaceTech,  
Innovation, UI/UX,  
App Design

#### **Becoming an Entrepreneur.**

Ideation, Market Research,  
BMC, USP, GTM, Marketing  
and Branding, HR, Financials,  
Pitching, MVP (Minimal  
Viable Product), Testing and  
Troubleshooting

#### **Character Development**

Character building,  
Innovators, Problem-  
Solvers, Change makers.

**InnovateX****For Age Group  
12-17 Years**Building bold ideas for  
tomorrow. >>>

## • What's This Camp About?

Teen innovators take on real-world problems and turn their ideas into action. They develop solutions, build prototypes, explore cutting-edge tech from Robotics and AI to Space Tech, BioTech, Quantum Computing and pitch like future founders. Leadership, purpose and resilience are at the heart of everything they create.

## Learning Outcomes

### Technologies introduced

SpaceTech, AI, Robotics,  
BioTech, Web3, Coding,  
3D Modelling, AR VR
